

4AR Under the Canopy

As Scientists... we will be learning about the dangers faced by living things and how their environments are often put at risk by humans. We will also be constructing food chains and be able to identify producers, predators and prey.

As Geographers... we will be exploring the Amazon Rainforest and studying and measuring rainfall and temperature etc.

As Artists... we will be drawing and painting rainforest creatures; using colour for effect.

As Design Technologists... we will be designing and creating batik based on the amazing images from the rainforest.

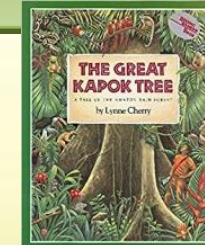

As Computing Technologists... we will be learning how to use QR codes and create links between our written work and the digital world.

Texts in Literacy:

Mrs Parrot's Rainforest Lessons Michael Cox

The Great Kapok Tree Lynne Cherry

Visits and Visitors:

(To be confirmed)

Key Questions:

- **What is a predator?**
- **What are the dangers faced by the rainforests?**
- **How can humans make changes to help the rainforests?**
